DETAILED ACTION

Response to Amendment

The examiner acknowledges the applicant's submission of the amendment dated 9/15/2005. At this point, claims 1-10 have been canceled, claims 11-30 have been added. Thus, claims 11-30 are pending in the instant application.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 11-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 11, line 5, "the MM3/PM3 method of the CAChe system" not clear, what is this means by the applicant? Explanation is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 11-30 are rejected under 35 U.S.C. 102(a) as being anticipated by the JP 06084705 (705) or JP 01-103821 (821) or JP 06302475 (475).

Regarding claims 11-30, the JP (705) document submitted by the applicant's discloses all the claimed limitation which is shown in the international search report.
